## **Gist:**

### **DAY 1 TO 5:**

In this segment, we would like to know about your liking for Spanish. What makes you motivate to learn Spanish, to help you get started achieving your goals. Here you will get very basic information about Spanish like sounds, greetings or Goodbyes. You will be able to introduce yourself. Having information to use the professions and nationalities.

### **DAY 6 TO 10:**

Here we'll go in a bit depth of the discussions, on the most important & interesting topics of Spanish language. Like, Regular & Irregular verbs, how their usage & conjugations vary, etc. After this, you'll be able to make basic sentences using Nouns & start communicating in Spanish. You'll also get a chance here to revise on some old topics.

### **DAY 11 TO 15:**

This section explains the difference between two most important verbs in Spanish language 'Ser' & 'Estar'. Additionally, you'll learn months and weekdays in Spanish, telling time in both 12 & 24 hours clock. You will learn an important part of communication i.e., how to express your Likes & Dislikes, Interests with people & talking about your hobbies to help you understand others more closely.

### **DAY 16 TO 20:**

Here you'll understand all the basic & important vocabularies used in a restaurant related to food and drinks. It includes names of vegetables, fruits and drinks in Spanish. Also you'll learn how to communicate with customers while taking an order. After this, you'll be able to know ordering food at a restaurant, asking for recommendations and discussing food preferences.

**DAY 21 TO 25:**

In this period, you will be taught how to handle customers in a restaurant on different scenarios using different ways of conversations. You will learn to take orders from customers on different parts of the day. You will have information about asking drinks or beverages and during the time of the meal.

**DAY 26 TO 30:**

This section will increase your knowledge on how to handle customers over phone & make arrangements for parties, festive occasions or important meetings. We'll also talk about different scenarios in having conversations for ordering snacks in a restaurant and ways of asking drinks in a bar and to develop yourself in codified situations.
